Subject: Acceptance of Amended Notice of Intention, Utelite Corporation, Utelite Mine, M/043/004, Summit County, Utah

Dear Mr. Mortensen:

On September 4, 2003, we received your request to add an additional 1.6 acres to your mine plan. This area was confirmed in an August 14, 2003 site inspection which you accompanied me on. The Division required an additional \$4,900 be posted to cover this additional area before final approval of the amendment could be granted.

On April 20, 2004, we received an amendment from Wells Fargo Bank, increasing your reclamation surety the additional \$4,900 to a new total of \$152,800. Because the existing reclamation surety was amended, no other paperwork is required at this time.

**The Division hereby grants final approval of the amended notice.** You may continue operations as outlined in the mining and reclamation plan, including the additional 1.6 acre area.

Should you wish to expand your operation in the future, you must first notify this Division and receive written approval prior to creating any disturbance.

Thank you for your diligence in keeping the Division informed of your mining operation. It is a pleasure working with you.

Sincerely,

Lynn Kunzler  
Senior Reclamation Biologist
